"I briefly detail the explorations of our party. "Smith's Sound has been followed and surveyed throughout its entire extent. It terminates to the northeast in a gulf 110 miles in its long diameter. " Greenland has been traced to its northern face, the coast tending nearly due east and west, (E. 17 degrees N.) Its further penetration towards the Atlantic was arrested by a glacier, which offers an impassable barrier to future exploration. This stupendous mass of ice issues in 60 degrees west longitude. This design of the Czar, who never dies, as exted upon the "Turkish Empire," and the result is its utter destruction-not a timber now floats of that powerful navy, and scarcely an officer survives, while "Azoff" has passed from the dominions of the Czars. The opinion expressed by Bishop Burnet has been justified in a far broader sense than that in which he conceived it. Not only was the individual, Peter, incapable of couducting so great a design, but all the progress of Russia, with the enlightenment and genius of successive Czars, has led to a total overthrow. In remarking upon the character of the drunken savage, Bishop Burnet proceeds to say: "After I had seen him, and had conversed much with him, I could not but adore the depth of the Providence of God, "It is with pain I mention to the department my that had raised up such a furious man to so absolute McRary & Co. inability to navigate these waters. REVIEW OF THE WILMINGTON MARKET. FOR THE WEEK ENDING OCTOBER 18TH, 1855. TURPENTINE-There is no change to make on our quotation of this day week. The water courses continue so low that none has come in from above tide-way, and very little by railroad. There is a fair demand from distillers at \$3 pressed to Bishop Burnet in 1698, has been carried steadily out during 157 years. The great fleet was created, augmented, exercised, and finally precipitated as a sinking fund for the company the "Turkish Empire" and the result is its to be greated as a sinking fund for the company the "Turkish Empire" and the result is its to be greated as a sinking fund for the company that the company during the past six months, be paid to the sales for the week ended this morning companies at \$50 of the Company during the past six months, be paid to the company during the past six months, as for the company during the past six months, as for the company during the past six months, as for the company during the past six months, as for the company during the past six months, as for the company during the company during the pa

quotations, as in quantity. See table. Corron-Since our last review prices have declined a shade, in consequence of unfavorable advices from other markets .-The sales for the week have been confined to small narcel at 84 @ 9 cents for good middling and 9 @ 94 cents # b. for middling fair. Buyers show but little disposition to operate

CORN MEAL-Has been brought in slowly for the past week or two, and the supply on market is light; no change, however, in prices. A small parcel of new received, and selling to retailers at 95 cents # bushel. BEEF CATTLE-Are brought to market sparingly, and the quantity remaining in butchers hands is very light. One or two small parcels grass fatted received and sold at

51 @ 6 cents # 15., as in quality.

EMPTY BARRELS—For Spirits Turpentine barrels there is a fair enquiry, and the market is almost if not entirely bare of good quality second hand ones. The supply of inferior quality has been considerably reduced, and we can hear of no sales ;-the former would very probably sell at an advance on previous rates. Our quotations in table are nominal, at \$1 75 for second hand and \$2 for new.

WM. A. GWYER, corner of Princess and Water streets, at which place will be kept a constant supply of CORN, MEAL, HOMMONY, OATS, PEAS, HORSE and COW FOOD.

FLOUR—Has advanced 50 @ 75 cents during the past week, with an active demand. For the first two or three days all offering on market was taken by speculators at \$8 50 for su-Persons convenient to the Mill, can get their supplies here.

Wilmington, N. C., July 24, 1855.

Define and \$9 for family. Since then there has been little or none received by the river; only one or two small parcels arrived per railroad, which have gone into store, and are selling at \$9 25 @ \$9 50 for superfine, and \$9 50 @ \$9 75 # bbl. fortamily. The quantity on market is at present very light, and we quote it firm at highest figures.

GRAIN—In CORN there is no material change to notice.

There have been no receipts for several weeks past, and we cents, in lots to suit. No late arrivals. A cargo would bring about 35 @ 40 cents & bushel.——Peas—The quantity of Cow in dealers hands has been materially reduced, and in the absence of receipts for some time past is very light;—in fair demand. A small lot of new crop Ground

gone into store. Nothing doing in rough.

HAY—No receipts of either quality during the past week, and we note a fair stock of Northern in dealers hands. Last sales from wharf were at 87½ @ 90 cents \$2 100 fbs. No Eastern received for some time past, and little if any in store.

LIME—Is in moderate supply, and sells from store at quotations, in quantities to suit. See table.

Liquors-See table for store rates, as in quantity and quality. Apple brandy is dull, and parcels from country sell at 60 @ 65 cents, as in quality. Molasses-Little or no change to make in this article .--The supply of Cuba in store is very light, and we note only a small parcel received coastwise. Selling from store at 38@

40 cents # gallon.
PROVISIONS—In N. C. cured Bacon there is little or no alteration to notice. Parcels continue to be brought in spa-ringly, with a fair enquiry from retailers, and there is but a small quantity in dealers hands. The sales for the week are only 4 @ 5,000 hs. at 16 cents for hams and sides, and 16 cents B b. for hog round;—no sales of shoulders, would readily bring quotations. See table. Western cured is in rather better supply than for some week's past, though still light, and sales have been made at 14 cents for shoulders and 15 cents for sides, by the quantity -canvassed hams sell from store at 14½ @ 15 cents.——LARD—The market for N. C. make remains about as last reported; very little coming in, and only occasional sales are made at quotations. Western is in moderate stock, and sells slowly at 12½ @ 14 cents # fb., as in quantity.

BUTTER AND CHEESE—For store prices, as in quantity and quality, we refer to our table.

PORK— For Northern Mess we notice merely a retail demand, with a moderate supply in store, and continue former rates-\$21 50 @ \$25 @ bbl., in quantities to suit. Some small lots of fresh have been brought in, and sell readily from carts at 9 @ 10 certs # 1b., as in quality.

POTATOES-Sweet have been brought to market very freely for the past week, and are quite dull at present figures—60 @ 75 cents # bushel, as in quantity, from boats and carts. Iris are in light supply, and retail from store at \$2 50 @ \$3 \$ bbl SALT-In Liverpool sack we notice an advance of 7½ cents on former quotation. Received coastwise on Wednesday 1,000 sacks, which were sold at \$1 37½ \$\forall \text{ sack}, 90 days. The supply on market is rather light, with a fair demand. Alum remains in moderate supply, with a limited demand. See ta-Shingles-Are in moderate enquiry, and only small par-

cels arriving. Sales of Common at \$3, and Contract at STAVES AND HEADING-No receipts of the former for some weeks past, and we quote nominally at \$15 00 @ \$20 00 for R. O. Hhd., and \$15 @ \$18 \$ M. for W. O. Bbl., as in quality. A small lot of ordinary quality Ash Bbl. Heading received and sold at \$10 \$\mathbb{H}\$ M.

TIMBER-With limited receipts for some time past, the stock in millers hands has become considerably reduced, and there is now a fair demand ; prices have improved a shade. Sales this week of only five rafts at \$9 25, \$9 50, \$10 @

FREIGHTS-The continued low stage of the water courses prevents produce from arriving, and there is barely sufficient barrol freights offering for the packets. There is a fair quantity of lumber freight for coastwise ports. See table for rates.
